**March 2005-March 2006**

**March 2010 -March 2011**

For the past eight years it has been my honor to serve you. I take this responsibility very seriously, and assure you your hard earned tax dollars are put to work to serve and protect you.

My family has called Covina home for over thirty years and it is my love for Covina that compels me to make Covina the best place to live and conduct business.

My term as mayor for 2010/2011 was focused on maintaining a balanced budget without sacrificing the service levels our Covina residents enjoy. We continue to fight Sacramento to stop taking our local government funds to balance their mistakes. In addition, I will continue to seek out opportunities to further enhance our downtown village and continue our investments in our valuable infrastructure. With our motto "Shop Covina," I foresee a future where you will be able to find everything you need right here in Covina!

It is my commitment to you to maintain Covina's old town traditions while taking advantage of new opportunities for a future which we can all be proud to say "Covina is my home!"

Please take a moment to offer your thoughts on what you like best on our website, "Your Covina." I would love to hear from you!
